Adding Users to Email Defense

Email Defense allows you to add additional users to be protected from spam and viruses using your Customer Manager.

Log in to the Customer Manager at <https://my.jumpline.com>, then click on the Products tab at the top if you are not automatically redirected to your primary product details page.

Click the View Details link beside the hosting account that you are working with.

Adding users:

- Click on the **Spam & Virus Protection for your Email** icon
- Select the check-box for each user that you would like to add.
- Complete the simple ordering process to activate the Email Defense Service.
